Wells Park	6:59
Join northern cruise	
Victoria St	7:04
Beachfront arrival	7:07

DO NOT follow this man!

These times, based on existing speed limits and a freeway cruising speed of 95kph, have been compiled as a **guide only** and do not account for unforeseen delays due to roadworks, accidents etc. If at all possible, the lead cars will attempt to arrive no earlier than the posted times. Lead cars from both cruises should be able to maintain mobile phone contact in order to co-ordinate arrival time at Wells Park.

IMPORTANT: If you are waiting along the cruise route, please wait until the train of cars has passed and **TAG ON TO THE END**. Do **NOT** try to join the middle of the group.

The cruise does not stop until we reach Rockingham, and although there are no road closures, there may be police controlling some intersections. Just **follow the leader** and have a great cruise!
